The screenshot displays the A-SQUARED Anti-Malware software interface. The title bar reads "EMSI SOFTWARE" and "A-SQUARED Anti-Malware". The main window title is "Clean Computer". A summary box shows: Processes scanned: 71, Traces scanned: 525337, Objects detected: 1580, Files scanned: 7038, Cookies scanned: 248. Below this, a "Scanning: Scan finished!" message is shown. A table lists detected malware:

Below the table, it states "Suspect files have been detected during the scan." and provides buttons for "Quarantine selected objects", "Delete selected objects", and "Save Report". A "New scan" link is on the left and "Close Scanner" is on the right. On the right side of the interface, there is a "Scan finished!" notification with instructions on how to view more information about the detected malware. A watermark "Brothersoft" is visible in the bottom right corner of the screenshot.
